

*the cost effective way to fly
the sophisticated way to fly*

A New Star Is Born...

The **Quasar Lite™** is being designed to meet the strict requirements of the **LIGHT SPORT AIRCRAFT** category in the USA. It will be suitable for basic flight instruction, aircraft rental, flying clubs, and leisure flying. With the **Quasar Lite's** exceptional handling abilities you will find yourself wrapped in technology sophistication with a luxurious sports car look and feel. Currently the Quasar Lite is provided to you under experimental certificate only. Certified **LIGHT SPORT AIRCRAFT** models will be available in December 2009. All of the 2009 production is sold out and we are taking orders for the 2010 production run.

**The QUASAR AIRCRAFT COMPANY
PRESENTS**
